

### The Ultimate Packages, what's included?

To help you get the best out of your Alton greenhouse, we have put together our suggested accessories into one Ultimate Package - saving you money. Integral staging and shelving is a must for most gardeners who want to maximise their working space so all of our Ultimate Packages include this down one side. The Aluminium bar capping upgrade means you really can have an almost maintenance free Cedar greenhouse, so we have included this as well. If it is the distinctly Victorian look you prefer we've also included the Victorian cresting on those models.

Our unique Ultimate Packages give you the best offers available and are the most popular option for customers.
