<p>*Please note if ordering EPDM, this is sent via courier directly from the supplier and may be delivered on a separate day to delivery. EPDM replaces felt (so you will not receive both felt and EPDM). EPDM will exclude either adhesive spray or a tin of adhesive with a roller depending on the size of the building.</p> <p>Unfortunately we're not able to dropship EPDM to Northern Ireland. Please contact us directly if you are a customer in NI wanting EPDM.</p>				

### Delivery Details

Power sheds are delivered on a pallet, as pictured. For bigger orders, delivery may be on two pallets.

If you have ordered a Power Base Kit or additional shelving to come with your shed, this will be packed on the same pallet between the shed panels. If you have ordered a shelving kit as an accessory without ordering a shed, this will be sent via courier and will not be palletised. You are unlikely to see the item from the outside of the pallet.

Delivery is kerbside only. Any request to take the goods further cannot be guaranteed and will be at the discretion of the driver on the day.

If you did not request a small vehicle the delivery will be made on an 18t vehicle. This has the approximate dimensions\* of:  
H = 13'5" W = 9' L = 33'

The driver will have a Tail Lift to unload the goods, like the one in the image\*  
\*This is an example image and may not be the actual vehicle used for your particular delivery.

The driver will have a pump-truck/hand-trolley to manoeuvre the pallet. How far they can move the pallet is at the drivers discretion and will depend on access. e.g. The driver cannot move the trolley over gravel, grass, up/down steps etc.  
The driver cannot assist with unpacking and moving individual components from the pallet.

Please note an ETA is not a guaranteed service, and delivery can take place anytime between 08:00-18:00  
Power do not advise booking installation until you have received your order. They cannot be held liable for consequential losses if this advice is not followed.

- If you have provided a mobile number, this will be passed along to the courier.
- Power request they send you a text on the day of delivery to advise an ETA. Please note this is an estimate and is subject to change.
  - They also ask the driver to call 30 minutes prior to delivery, but this is not guaranteed and is at the drivers discretion.

Once you've received your order, please check all components prior to booking/starting installation. Replacements can usually be despatched within 1-2 working days of confirmation. You will need to email us with images of any damage.
